Right Under Your Nose

As a country turns toward socialistic practices, the ultimate goal is always the socialization of land. We saw this in Russia, and now in staid old England, which in its last election definitely for socialization of banking, mining and railroads, it is rumored that plans are underway for a beginning in the dividing up of the land.

Here in the United States, while we have felt secure in the private ownership of property, we have fostered gigantic plans for the Federal socialization of electric power and many other activities. There is now "political" pressure for Federal housing, Federal financing of every kind, and even Federal feeding of many persons. All this will supplant private enterprise and state and local governmental authority in looking after the needs of local citizens.

Now comes the inevitable—suggestions for government ownership of land in the United States. Of course it is just a small cloud on the horizon at present, but so was government in other lines of business a few short years ago. With so many other nations definitely committed to socialization, and with strong political pressure in our own country along those lines, landowners who have smugly sponsored socialization of other activities, can well begin to consider to what extent they will be permitted to enjoy the private ownership of land in the years ahead.

When a nation starts socializing its natural resources, land is the king-pin of them all. So don't be overcomplacent with their belief that it can't happen here—it is happening here, right under your nose, and coming closer to your own hearthstone every day.

Our Annual Bonfire

Even in normal times, uncontrolled fire takes a heavy toll of our human and physical resources. During the war, fire menaced the security of our armed forces. In peace it menaces the security of the worker. Individual responsibility and the united effort of all fire fighting agencies are necessary to control this ever present danger.

There have already been many disastrous postwar fires in industrial plants. Everyone is concerned with this because fires deprive workers of jobs, and the primary objective of the American people in days ahead will be employment and production.

The record of vital statistics shows that on an average, 10,000 persons lost their lives each year in fires. And many times that number suffer, incapacitating or painful burns and injuries. Eleven thousand of these deaths occur in homes where more than 400,000 fires were reported last year. The victims of these home fires are largely women and children.

During the last 12 months, America burned \$444,225,000 worth of property—the highest fire loss in 12 years. This huge accumulation of buildings and goods was wasted at a time when the world is crying for all kinds of food, clothing, building materials and commodities of all kinds. While striving to conserve resources to produce and supply the products for our own as well as other nations, our annual bonfire consumed nearly half a billion dollars in property.

America Betrayed

At the end of a war which cost the nations of the world tens of millions of lives, unspeakable suffering, material losses beyond human calculation, and which closed with the discovery of a weapon so devastating that the destruction of human life on earth can conceivably be accomplished at the press of a button—to repeat, at the end of this cosmic catastrophe, what do we find? The natural expectancy would be to find humility and thankfulness for peace in the heart of every man; a devout determination to strengthen the religious, governmental, industrial and scientific institutions which have grown slowly through centuries of trial and error, and which have reached a peak here in our own United States, giving all of our people, as individuals, a stature and dignity never before known. But do we find these things here?

The most obvious fact in the United States today is that business men, laborers, farmers, politicians—all of us—are trying to escape the natural consequences, we are willing to scrap our nation's financial integrity, our form of government, and just about every heritage of mankind that this country possesses. The accent is on phony material security, even at price of personal liberty. Many public officials are more concerned with measures that are politically popular at the moment, than with justice or political integrity. We are shouting for easy living, despite the fact that we are faced with ruin if we do not work very hard. Labor has served notice that it intends to increase its social gains with less work and more pay. Again, the accent is on personal profit above everything else. Our nation rode to the financial crest of a war boom over the bodies of a million men who gave all they had in mortal conflict for the sake of the spiritual treasures of civilization, and now it proposes to stay on that easy living crest by hook or crook.

This spectacle should bring fear to the hearts of the thoughtful for all mankind.

Making Hay
"Making hay while the sun shines," is an old saying that applies in almost every walk of life today. Especially it is true of retail distributors. Now, while customers are plentiful is the time to make friends. The best way to make friends is to give the best possible service even though swamped with business.

Tomorrow's successful retailers are busy storing up good will to draw on in times of adversity. Tomorrow's failures are busy ringing up sales—and making enemies by discourteous, inefficient treatment of customers who tolerate such conduct because they have no choice at the moment.

And as sure as the sun rises and sets, those who are digging their own business graves through ill treatment of consumers, will be the loudest critics of tomorrow's successful merchants. The old charges of monopoly and unfair trade practices will fly thick and fast. Legislatures and the halls of congress will ring with demands for laws to curb enterprising firms whose only offense is serving the public too well for inefficient competitors.

Perhaps when that time comes, the public will remember what it endured during the war boom. It will remember the indifferent management, and the surly clerks who took their cue from managements. In the end, it may be more skeptical than ever before of measures to curb efficient low-cost distribution. It may have had its fill of mediocrity.

CINEMATIC CHATTER

By Malcolm Miller

It has been some time since John Wayne has been screened at the Everglades Theatre, but this coming Sunday-Monday will see him move in with a tremendous story of two strong men who pitted their strength and wit against each other for the love of a woman and for the city of San Francisco.

This story is under the title "The Flame of Barbary Coast", starring John Wayne and Ann Dvorak, a very charming and talented actress.

This show is heavily actioned and the story, which dates back to the beginning of San Francisco, is robust and thoroughly outdoor.

Tuesday-Wednesday will be the days that we will have to put some extra supports in the sides of theatre. On these days comes Bud Abbott and Lou Costello in "Lost in a Haven".

On the same bill comes a bit

of a mystery . . . in, fact, the title of the picture is "I Love a Mystery", and it is a mystery too with Jim Bannon and Nina Foch listed in the star roles and a very good supporting cast. I think you'll go for it.

Thursday-Friday brings back Blondie and Dagwood in "Leave It to Blondie", which is a first rate comedy with the old, two-time laugh punches that a pair always dish out.

On the same bill with them Brian Donlevy and Ann Richards star in a beautiful technicolor outdoor drama, laid in the rugged west, under the title "An American Romance".

Saturday brings an All Star Western cast in "The Pride of the Plains". This one is built along the usual lines of cattlemen and various other Western bad men and will be loaded with thrills and suspense and of course with a little gun play.

See you at the movies.—Mal

MAKE YOUR CAR
SHIPSHAPE
FOR SUMMER.
-SINCLAIR-ize

Making your car Shippshape for Summer will save wear. Sinclair-ize service will make your car Shippshape as its manufacturer recommends. You need this service now, as never before. No new cars are being made. So better not take any chances. Have your car Sinclair-ized right away.

SINCLAIR-ize SERVICE INCLUDES THIS:

To save wear on gears, transmission and differential are filled with summer Sinclair lubricants. Special Hypoid lubricant is used for Hypoid gears.

To save engine wear, crankcase is filled with Quoline Motor Oil. It keeps up, lasts so long it saves you money. Sinclair Pennsylvania Motor Oil. If you prefer at 5¢ more per quart.

To save tires, they are inspected for cuts and bruises, inflated to proper pressure.

To help prevent accidents, front wheels are removed and relubricated if your car manufacturer recommends.

To help prevent overheating, radiator is cleaned of anti-frost, rust and sludge.

To save wear and help prevent squeaks, chassis is lubricated with special Sinclair lubricant.

To give better performance, save gasoline, spark plugs are cleaned and adjusted. Battery and oil and air filters are checked.

Royals Add To Sales Staff

Royal's, Incorporated, the past week, have added two new employees to its organization. Mrs. Annie C. Barlow is now in charge of the Ladies Ready to Wear department at the Belle Glade store and Mr. C. A. Phipps, of Galesburg, Va., is in charge of the advertising, display and sales promotion department for the entire Royal chain of stores. Mr. Phipps is a former business associate of Mr. Taylor and will work under the latter's store department supervision.

Up Country Back Waters

There is little prospect of the water of Lake Okechobee receding for some time yet as the waters impounded in the lakes of Okechobee county and the Kissimmee river valley are still at near record high water mark. Many of the pasture lands in the Okechobee county cattle region show no lowering of water. Cattlemen have been hard hit and have been forced to sell off considerable amounts of their cattle, especially the younger stock.

Will Have No Opposition

Mrs. Pattie Day Miller, who has served as trustee for school district No. 1 for the past 10 years, will have no opposition for reelection, as no one qualified to oppose her has been nominated. Other members of the district board are Mrs. Marie A. Sheffield of West Palm Beach and L. L. Shirley of Palatka, both of whom have served a number of years in that capacity.

Phillip Enlow Elected Club President

Phillip Enlow, son of the Rev. and Mrs. I. E. Enlow, has been elected president of the "G" Club of Georgetown, Ky. He earned his "G" during his freshman year and will be out for the basketball squad again this year. Phillip is a member of Kappa Alpha Fraternity.

Changes In Bus Schedule

Slight changes are announced by the Glades Motor Company for arrival and departing of buses in Belle Glade effective Wednesday, but changes are off only a few minutes of the former schedule, except the late Palatka bus which will leave an hour later, at 10:05 p. m. The schedule calls for four

buses a day to Miami, Ft. Myers and West Palm Beach, and two night trips to Palatka only. The last Palm Beach bus at night will leave at 9 p. m. and will go direct by the Twenty Mile Bend route to the city.

Chasey Again In Trouble

Alex Chasey of Palatka, who was acquitted for the murder of Thomas E. Wilson at the Glades Club two years ago, is again in the hands of the law on a charge of attempting to kill one William Hendry, a negro. Deputy Frank O'Connell made the arrest. Chasey has been released under bail of \$2,000.

Rams Get a 2-0 Score

There has been some controversy among football fans what the Belle Glade Rams will be accorded with the forfeiture of the Okechobee game. Coach Cook reading from the rule book states that the score is recorded 2 to 0 in favor of Belle Glade. The Okechobee organization will also need to pay to Belle Glade the amount of the guarantee for the game which in this case is \$100.

Hunting Licenses Now On Sale

Hunting licenses can now be obtained at the Long Betancourt agency for the 1945-46 season. The duck season opens Nov. 2 and ends Jan. 20; the Dove season opens Nov. 20 and ends on Jan. 18th, and the wild turkey season is on from Nov. 20 to Feb. 14.

DISTRICT U. S. ENGINEER

(Continued from page one) RDE had undertaken to sponsor concerted action of a majority of the land owners in the County and is now in the process of preparing for this campaign.

LOCAL RATIONING BOARD

(Continued from page one) Local rationing board offices certificates will be mailed back directly to the applicants, who can secure their tires, when and where they can be procured. In case of a true emergency, Mr. W. Weeks will be given authority to issue a certificate for tire requirements, under a special direction now provided by the OPA. The Belle Glade board has been a most efficient one during its term of office and has handled a very large volume of business. There have been several sets of office people, but during the past months the office has been under the management of Mrs. Elizabeth Register and Mrs. Mary L. Motes, who have handled the business in a general satisfactory manner.

BEANS ARE ROLLING

Continued from page 1
Glades are now proving their real worth and without them there would be a terrible labor housing situation.

FIGHT AND WHITE

(Continued from page one) Since V-J Day he has served on the General Staff of General Spatts, Commander of the U. S. Strategic Air Forces, whose headquarters were at Guam. He has been presented with the Distinguished Service Cross, Distinguished Flying Cross and the Silver Star.

STRANGE SPECTACLES

Continued from page one
In the intermediate division Beanie Mac Starling, most original costume; Jane Webster, prettiest costume; George Gorth, most grotesque.

Junior division, Donna Bowman, most original; Maxine Slugg, most grotesque; Max-guerie Campbell, prettiest.

As a starter of this annual event the sponsoring agencies were much pleased and promise that each succeeding year additional attractions and means of entertainment will be added.

LEGAL NOTICES

Honorable Mention—Delores Frier, Peggy Thompson, Mary Kate Barwick, Claudine Cham-

bers, Vivian Miller.

SUMMER PARTY

Miss Peggy Thompson entertained a few of her girl friends with a slumber party at the Douglas Mathews' home in Belle Glade on Saturday night. Of course if you know anything at all about high school slumber parties, you know that name doesn't suit them very well.

Those attending were: Delores Frier, Kitty Knight, Norma Weeks, Dorothy Walker, Mary Elizabeth Hooker and Peggy Thompson.

ENTERTAINS FRIENDS

Carolyn Freedlund entertained a group of friends at her home Friday night after the Pop Club dance. The guests enjoyed dancing and a mid-night snack. Guests were Mary Grace Denton, Herbert Lloyd, Jeanne Hooker, Horace Harris, Carline Cone, Ray Kent, Ward Harrison, Carolyn Freedlund and Louise Friedheim.

PEP CLUB DANCE

The Pep Club held its first dance of the current season on Friday night in the High School gym. The dance was to be given in honor of Okeechobee, but they forfeited the game. Cokes were sold to make money for the various funnies to be held during the ensuing year.

One of the highlights of the dance was the "Hoggy-Poggy." This is an amusing dance executed from a big circle. The "Hoggy-Poggy" was introduced in Belle Glade by Peggy Rawls at a previous dance and it really and truly has made a hit.

Mr. and Mrs. Joe Cherry, Miss Kathryn Lavery, Miss McGee and Miss Blevins chaperoned the dance.

HALLOWEEN PARTIES

The older group of the immediate Training Union of the Baptist church held a wienner roast at the home of Mrs. Simmons on Monday night. Approximately 23 members and guests attended.

The Methodist Youth Fellowship held a Halloween Party on Monday night at the church. Games were played and punch and cookies were served. Since it was Louise Taylor's birthday, the group sang "Happy Birthday" to her. Afterwards they went on a hay ride.

Those who took part in the fun were: Larry Royal, Louise and Eva Sue Taylor, Albert Stevens, Howard Hill, Kenneth Lutz, Teddy Pope, Henry Fears, Roger Haney, Mary Cross, Maxine and Martha Parker.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE ASSOCIATION

Question—What did Jesus mean by "the leaven of the Pharisees"? Answer—It was their hypocrisy. "Beware ye of the leaven of the Pharisees, which is hypocrisy." Luke 12:1.

Q.—Was milk used for food in Bible times? A.—It was. (See Genesis 18:8; Judges 5:25.) It was sometimes kept in butter. (Judges 4:19.) It was made into butter. (Proverbs 30:23) and cheese. (Job 10:10).

Q.—How can an uneducated man judge the conflicting religious teachings he hears? A.—He can apply the test of Isaiah 8:20: "To the law and to the testimony: if they speak not according to this word, it is because there is no light in them."

Q.—I maintain that Christ began His existence at Bethlehem. A.—But He said, "Before Abraham was, I am" (John 8:58) and in John 17:5, "O Father, glorify Thine Me with Thine own self with the glory which I had with Thee before the world was."

Q.—Was Paul one of the twelve apostles? A.—No. Yet, according to Romans 1:1, he was an apostle: "Paul, a servant of Jesus Christ, called to be an apostle, separated unto the gospel of God."

Q.—The Bible says that we should make no images, yet God told Moses to make the gold angels on the ark. Was that right? A.—Indeed the second commandment in Exodus 20:4-6. It is clear that this commandment is against the worshiping of idols and the making of images for that purpose. The cherubim on the ark were not idols and were not made to be worshipped.

Q.—According to John 13, did Christ really eat the Passover, or did He institute a new feast at that time? A.—Both. Read Luke 22:14-15. The account of the Passover, continues to verse 15. Then follows the institution of the Lord's supper. "And He took bread, and gave thanks, and brake it, and gave unto them, saying, 'This is My body which is given for you; this is My remembrance of Me. Likewise also the cup after supper, saying, 'This cup is the new testament in My blood, which is shed for you.'" Verse 19, 20.

Q.—Read your questions in the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 25, Calif. Bible questions of general interest will be answered in this column at space permits.

Pickett Keller, Kenneth and Betty Jess Harris, Robert Taylor, Barbara Hayman, Anne Kirchman, Grace Eggleston. If you listen I'll tell them to you. PARTY FOR SONNY SMITH

Sonny Smith was entertained on Saturday night by a group of his friends in celebration of his 17th birthday. The surprise party was held at his home. Ice cream, cake and punch were served to the following: Peggy Rawls, Horace Harris, George Wedgeworth, Don Layfield, Sue Cherry, Richard Pike, Billy Bearden, Jewell Bass, Louise Emery, Joe Cherry, Junita Armentrout, Mary Kate Barwick, Mary Elizabeth Hooker, Edith Bregger, Norma Weeks, Charlotte Enlow, Barnes Creech, Claude Johns, Ray Kent, Bill McClatchey, Peggy Thompson, Peggy Walker, Joyce Borchardt and Sonny Smith.

WHAT DO YOU LOOK FOR IN A JOB?

The Telephone Company has opening for Telephone Operators that offer young women a great many advantages in selecting a job. Marked increased wages with time and a half for overtime. Then there are pay increases at regular intervals and many opportunities for advancement. Telephone work is interesting with clean, pleasant surroundings and with people you will like.

If you are looking for these advantages and many others, the Telephone Company has to offer, come in and see Mrs. K. H. Mapp, Avenue C, Belle Glade. She will be glad to talk it over with you.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

NEW LAND FOR POTATO GROWERS—has become a "must" because of the freedom from disease.

ADEQUATE WATER CONTROL—means more to the Glades farmer today than in years gone by—milling, field ditches, pumps, and power units to pull the pumps. If these are not in good condition and ready to serve, then you have no water control.

ROCK ROADS—properly kept up, mean quicker and sure method of getting your crops out when they are ready for harvest. They also mean less upkeep on trucks, wagons and tractors, which is less cost of harvesting.

Dog Cemetery Draws Backing Of Socialites

NAGEL

A faithful companion and loyal friend. Died October 16, 1945, and was buried in the Animal League Cemetery in West Palm Beach. Age 13 years.

Our Little Nagel

We sit in our quiet home alone. When the nights are calm and still. Thinking of our departed pet. Whose place no one can ever fill. We miss you Nagel at the door. Where you always came to meet us. And now that we were called away.

We have no pet there to greet us. Mrs. Minnie Holmes. Written in memory of a dear pet.

Three hundred graves are arranged on a gently sloping hillside at West Palm Beach about a tiny shrine of St. Francis of Assisi, patron saint of animals. This is the Friends' cemetery, a burial plot for dogs and cats of Palm Beach County. One of the few pet animal cemeteries in the state is on the grounds of the Animal Rescue League shelter.

The Animal Rescue League, including wealthy animal lovers from both Palm Beach and West Palm Beach, was formed several years ago to care for pets abandoned when the annual northward migration took place.

A favorite project with many members, the league is subsidized by parties given every year. One of these parties was held at Mrs. A. Lopo, magnificent home of Mr. and Mrs. Joseph E. Davies, while Concha Marina, the home of Mrs. Dodge Sibane, was the setting for another.

Many of the dogs buried in the cemetery were pets of Palm Beach socialites and many were widely traveled. Others frolicked just as happily in less glamorous surroundings. Each little grave is visited often.

J. W. Belk, shelter superintendent, and his assistant, keep busy from dawn to dusk. Belk

estimates that the "intake and outgo" of animals at the shelter average about 100 a week.

The shelter can now accommodate about 75 animals but the league owns the adjoining land on Tanager Ave., and there is every opportunity for expansion.

As the league is county-wide in scope and acts as a pound when necessary, the county contributes to its upkeep.

Animals now sheltered at the league run the range in size from Major, a 100-pound St. Bernard, to a family of tiny hamsters, tailless rodents equipped with storage pouches in their cheeks.

The hamsters live in a cage in the Belk garage and amuse themselves by riding all night long on a miniature ferris wheel fitted with individual booths.—Miami Herald.

"Dixie Flyer" in Training

Ralph Station has taken his racing mare "Dixie Flyer" purchased at Paducah, Ky., to Okeechobee City for training at the Hubie Boree training track at that point. Mr. Station thinks she has a real prospective winner in his racer.

Plant Progressing

The last load of sand for the 14-acre fill at Lake Harbor for the \$3,000,000 Lee and Freewood plant to be constructed at that point has been brought in and dumped according to C. K. Phillips, agent for the U. S. C. I. Railroad. 2200 gondola loads of sand were hauled for this fill which is from 3 to 6 feet deep. Rock is now being hauled for the hard surface road for the prospective plant, piling for which has been driven for the foundation of the plant.

Snap Beans Roll Out Of South Bay

The first two ear lots of the snap bean season rolled from South Bay the first of the week. A few small lots have gone out from this area but this was the first ear lot picking. The beans belonged to "Slim" Hardman and sold at the ceiling price.

The fall snap bean season is expected to fall far short as to volume due to large sections of flooded lands, but the quality of beans grown is predicted to hold up very well as produce coming off will be largely from the drainage districts where the water tables are under control or from privately controlled drainage farmlands.

Annual Home Coming At South Bay Church

The First Baptist church of South Bay celebrated their annual home coming Sunday at the church. The noon picnic luncheon scheduled to be enjoyed on the church lawn was served in the school cafeteria due to inclement weather.

Rev. F. Warren Capell, former pastor, now State Training worker with headquarters at Jacksonville, was the speaker at

the morning session. Rev. Stanley Smith of Dania, Indian pastor for the Seminole Indians, was the chief speaker at the afternoon session. Rev. and Mrs. A. M. Dawson, missionaries stationed at Okeaviston, were also on the afternoon program.

Rev. David Lynn preached his farewell sermon at the evening service terminating his pastorate at this point. He and Mrs. Lynn are leaving Friday for Mobile, Ala., where he has accepted the position of assistant pastor at the Dauphin Way Baptist church and will also continue his education at a Divinity school there.

A large crowd with many out of town visitors and former communicants here attended the Home Coming.

Baptist Church Hosts To Palm Lake Asso.

The Annual Palm Lake Baptist Association Meeting was held at the South Bay Baptist church in an all day session on Thursday, Nov. 1. Thirteen Baptist churches are members of this association and meetings are held once each year, the various churches taking their turns as hostesses. Twelve years ago it met at South Bay.

Rev. C. A. Moberg was speaker

at the morning session. Rev. Preston Sellers gave the Executive Committee report. Fred Barrett talked on Narcotic Education. Rev. Richard Heller gave the Sunday School report and Rev. U. E. Reid the report on Christian Education.

Election of officers was held at the afternoon session and reports on various activities made by

Rev. John Martin, Rev. Gail Smith, Rev. F. C. Bloesch, Rev. C. L. Clements, Rev. A. D. Dawson, Rev. A. E. Milton.

Rev. I. E. Enlow was the speaker at the evening session. Donald Weeks presided at the Baptist Training Union report and Rev. David Lynn reported on the Central Florida Crusade. A lunch and supper were served.

"Anthony's Shoes

are

Silent Salesmen"

THIS slogan was the first adopted by the Anthony Brothers and as early as 1900 was visible on telephone poles and waterway markers from Stuart to Miami. It's old stuff to Anthony's... this business of selling quality shoes that last longer! It's always been our business to fit your feet in GOOD shoes. Though we have had our frills to sell... Anthony's customers came to know that beneath the gayest bit of frippery... the most butterfly-like sandal... the lightest weight patent "dancing shoes" for men... was fundamentally good craftsmanship, material, design and the built-in quality that lasts.

During the war years we've regretted the deterioration of the quality of materials used in footwear much more than you have. We've all accepted the fact, however, that the men in the Service had priorities on the best leather and labor. The manufacturers with whom we work and who are among the best in the land have done their utmost to live up to their pre-war slogans of "Satisfaction Guaranteed" and, necessity being the mother of invention, have developed hitherto untried leather substitutes. Many of these substitutes will remain in use from now on because they have been found to serve their purpose better than leather.

Anthony's have consistently bought and sold the best shoes obtainable under wartime restrictions and have tried to give you the best possible value not only for your precious ration tickets, but for your money. The name of Anthony's has been a symbol of friendly service for over 50 years... always bringing you quality that lasts. We're looking forward to the day when again our customers will brag about the satisfaction they get from shoes that are "Anthony's Silent Salesmen."

This is No. 5 of a series
of ads commemorating
Anthony's Golden Anniversary
